[emerging adulthood and early adulthood wikipedia](#)

Emerging adulthood is a phase of the life span between adolescence and full-fledged adulthood which encompasses late adolescence and early adulthood, proposed by Jeffrey Arnett in a 2000 article in the American Psychologist. It primarily describes people living in developed countries, but it is also experienced by young people in urban wealthy families in the Global South.

Everything is awesome! Now that we have a sequel to The Lego Movie. Whilst Lord and Miller have stepped down from directing duties for The Second Part, they remain as co-writers, with former animator and director Mike Mitchell stepping up to the plate, co-directing with Trisha Gum. The core voice cast of Chris Pratt, Elizabeth Banks and Will Arnett are set to return, to be joined by Tiffany ...
